Mr. John Baker White returning from Philadelphia to Charleston last Saturday stopped off here between trains to see his father.

Attention is called to the fine display of Millinery goods just received at Mrs. Louisa Houser's: Beautiful flowers, laces, ribbons and hats of all styles. Call and examine before purchasing elsewhere.

The man who called sarsaparilla a fraud, had good reason; for he got hold of a worthless mixture at "reduced rates." He changed his opinion, however, when he began to take Ayer's Sarsaparilla. It pays to be careful, when buying medicines.

In another column will be found the notice of Mrs. Mills. She is a struggling widow with two little children to support (one a deaf-mute) and we solicit for her the patronage of our people who are never slow in helping others.

There will be services at St. Stephens next Sabbath morning and night.

Mr. Loudoun Ewers of Jersey Mountain paid us a pleasant call Tuesday.

A monument is to be placed over the grave of John Glaze, the unfortunate brakeman of the Pittsburgh road who died from injuries received in attempting to jump from an express train recently. He was from this county and was buried at Wesley Chapel on the Levee near South Branch. His widow purchased the monument.

A young lady of Jefferson, West Virginia, declares that she was all run down before taking Ayer's Sarsaparilla; but that now she is gaining strength every day. Ayer's Sarsaparilla is certainly a wonderfully effective tonic for the feeble and delicate.

On the West Virginia Central railway is a station called Harrison. As a train last week approached the place the brakeman opened the door and yelled "Harrison next!" "B t you 50 to 10 he isn't," shouted an enthusiastic Democrat, as he jumped up and grabbed for his pocketbook.—Elkins News.

The Presbyterian congregation at Romney, W. Va., extended a call to Rev. F. T. McFadden of this place, to serve them as pastor, offering him a salary of \$1,100 per annum, which he respectfully declined. His congregation and all the other denominations of the town, as well as those who are not church members, are glad that Mr. McFadden declined the offer.—Marion Virginia News.

Many Persons Are broken down from overwork or household cares. Brown's Iron Bitters rebuilds the system, adds strength, removes excess bile, and cures indigestion.

A writer in the last Mercury, published at Berkeley Springs, giving an account of a trip through a portion of Hampshire says:

"I took dinner on the 20th with Captain David Pugh, who was a member of the Virginia Legislature when the ordinance of secession was passed. He has in his possession the quill pen with which a great many of the members signed the said ordinance. That was a wicked old gander that raised that bad feather. There is but one other member of the body living, namely, General Ely. Capt. Pugh is 85 years of age; he inquired of Captain Buck; they were old friends; he has been a subscriber to the South Branch Intelligencer for 62 years."

Mr. James W. Mills is now located in the house just above the Keller Hotel lately occupied by Mr. A. D. Hays, and is prepared to take in Dressmaking and other sewing.

The New Judge. Gov. Fleming has appointed Hon. R. W. Dailey, of Romney, Judge of the Circuit Court for this district, to fill the vacancy occasioned by the resignation of Judge Armstrong. From the expressions of opinion which we have heard we are inclined to doubt if he could have done better. It is pretty certain that he could not have come any nearer to pleasing everybody interested than he has done. We have no doubt that Mr. Dailey will honor the office.

We are sorry that Judge Armstrong found it necessary to resign. Our readers know well that we thought him an able, upright, incorruptible judge. We trust his health may be restored and that he may have yet many years of usefulness and happiness.—Keyser Echo.

A Practicable Route to North Branch. Chief Engineer James Parsons, of the West Virginia Central Railroad Company, who, with his corps, has been located here for several weeks, will now make his headquarters at Patterson's Creek, or near there. The object of his survey is to locate a practicable route for the Baltimore and Cumberland road between here and North Branch without crossing into Maryland soil. This is to avoid costly con-

demnation of property in the eastern part of this city and litigation with the Baltimore and Ohio. If the Baltimore and Cumberland can effect its passage of the Potomac and Baltimore and Ohio at a point near North Branch, its construction eastward will be greatly facilitated.

Mr. Parsons is reported as having said that he had located two routes of easy grade between here and North Branch, but that he anticipated difficulty in crossing the river and Baltimore and Ohio at that point.—Cumberland Allegation.

The Coming Convention. As most of our friends know, from June 14 to 16 our small town will be deluged by, not a flood in the true sense we hope, but by a "Cold Water Army"—and as a good purifier and carries away much that is unwholesome and injurious to the physical condition, so we trust this invasion of the women of the West Virginia W. C. T. U. may leave our town and vicinity morally and spiritually benefited, and that it may enable us the better to understand the needs of this work for God and humanity. The Local Union here is small when the number of members is counted and of course cannot possibly entertain all these delegates; but we are persuaded that the ladies of this little village, so noted for kindness and hospitality are going to help us (in fact we are assured by some that the homes will be freely open to us, two ladies have spoken for the prominent gentlemen unsolicited proffered home for two or more and their arrangements they will determine how many they can conveniently accommodate and make it known to the committee upon entertainment who have not as yet done any soliciting and who will, in this way be greatly aided. We are sure, dear friends, you will none of you regret entertaining these Christian women for the short time above mentioned. On Wednesday and Thursday a noontide lunch will be served for them all at the Hall and thus you see you will only have one dinner to provide and there is no inviting expected just simply those you take and no others.

Several members of the World's Fair managers for Virginia, including the president, Hon. C. S. Buford, were in Chicago last Friday for the purpose of arranging preliminaries in connection with the exhibit of their State. It is intended to erect a special building for the Virginia headquarters and a reproduction of Washington's home at Mount Vernon as the appropriate structure for the purpose. This could be set apart, as is the case at Mount Vernon, for historic relics and souvenirs of Washington and his family.

Among the handsome yearly incomes reported of Richmond city people we notice that Dr. Hunter McGuire, the great surgeon and physician, is rated at only \$17,000, whilst Maj. Ginter, the cigarette manufacturer, has \$965,000—a thousand dollars a day.—The business of one is to save life or ameliorate suffering; the other—though otherwise humane and generous and public-spirited—makes his colossal income by putting upon the market an article more deleterious to health than any known luxury.
